of the Wankbahn

Start: Wankbahn base terminal

Finish: Wankbahn top terminal

This tour leads from the base terminal of the Wankbahn in the direction of St.-Anton. After the Wallfahrtskirche (pilgrimage church), hikers should follow the path to the Gams Hut. After passing the Josefsbichl wayside cross, walk left to Schalmeislucht Gorge and uphill to the Gams Hut. Now follow the well signposted trail to Berggasthof Gschwandnerbauer mountain guesthouse. The route now leads uphill for another 2 to

3 hours over Roßwank to the top terminal of the Wankbahn lifts and Wank Peak. Those who would prefer to take a less strenuous descent to the original starting point can ride back down with the Wankbahn lifts.
